The Melbourne Chorus

A RHAPSODY IN CLOVER

“THE STORY”

The Melbourne Chorus of Sweet Adelines has been entertaining audiences for 25 years, singing a capella, four-part harmony. In 2008, they were judged Australian Champions by a panel of international judges at the National Sweet Adelines convention and competition.

A Rhapsody In Clover depicts the musical story of a young Irish girl travelling through life's journey. Audiences will delight in the story as the Chorus includes a variety of songs, from ballads to up tempo favourites. Enhanced by colourful costumes and lively choreography, a performance by the Chorus is both a musical and visual treat!

Melbourne Chorus are delighted to be joined on stage by **Suade**, a five-part male a cappella vocal group, who have been dazzling audiences all over Australia. Smooth harmonies and soulful voices meet raucous entertainment and terrible comedy when the lads hit the stage. An event not to be missed!
